

## Energy from Experience

**Argentina Lithium & Energy** is focused on acquiring high-quality lithium projects in Argentina and advancing them towards production to meet the growing global demand from the battery sector. The Company's management group has a long history of success in the resource sector of Argentina with a strong track record of government & community relations.

### SHARE STRUCTURE

As of September 2, 2025

Issued	137,566,270
Warrants	52,397,948
Options	11,341,000
Fully Diluted	201,305,218

### MANAGEMENT

**MR. NIKOLAOS CACOS, M.I.M.**  
President and CEO, Director

**MILES RIDEOUT**  
Vice President Exploration

**POMPEYO GALLARDO**  
Vice President Corporate Development

**CONNIE NORMAN**  
Corporate Secretary

**DARREN C. URQUHART, CPA, CA**  
Chief Financial Officer

### DIRECTORS

**JOSEPH GROSSO**  
Chairman of the Board and Director

**MR. NIKOLAOS CACOS, M.I.M.**  
Director

**MARTIN BURIAN, ICD.D, CPA**  
Director

**DAVID A. TERRY, PH.D., P.GEO**  
Director

### PARTNERED FOR GROWTH

One of the world's leading automakers and mobility providers

**Ownership in LIT: 19.9%** (in Argentina subsidiary with exchange right to LIT shares provided)

**Offtake Agreement: Up to 15,000tpa over 7 years, extendable**

For additional details see the original news release dated September 27, 2023

### KEY PROJECT HIGHLIGHTS

● Argentina Lithium Projects ○ Other Lithium Projects

- Claims covering +60,000 hectares on 4 salars in the Lithium Triangle.
- Projects strategically located in pro-mining provinces Salta and Catamarca with year-round access & near key infrastructure.
- Advancing toward first resource estimate at Rincon W.
  - Moderate to high grades of lithium over long intervals, including:
  - 287 to 402 mg/L Li over 258m starting at 83m depth (2 intervals not sampled, 42m & 33m) (RW-DDH-009)

## PROJECTS

Four under-explored projects in the heart of the Lithium Triangle in Argentina.

### RINCON WEST

- >3,700ha (~80% wholly-owned and 20% under option)
- Adjacent to Rio Tinto Ltd. and Argosy Minerals lithium development projects\*
- Excellent infrastructure including international highway, electric power corridor
- Successful drilling programs at West Block properties:  
**287 to 402 mg/L Li in 258m interval (RW-DDH-009)**  
 (2 intervals not sampled, 42m & 33m) and  
**329 to 393mg/L Li in 153m interval (RW-DDH-006)** and  
**334 to 382 mg/L Li in 132m interval (RW-DDH-004)** and
- Subsequent program results continue to return good lithium intervals:  
**246 to 344 mg/L Li in 321m interval (RW-DDH-011)**  
**269 to 340 mg/L Li in 327m interval (RW-DDH-013)**
- First resource estimate program underway

### POCITOS

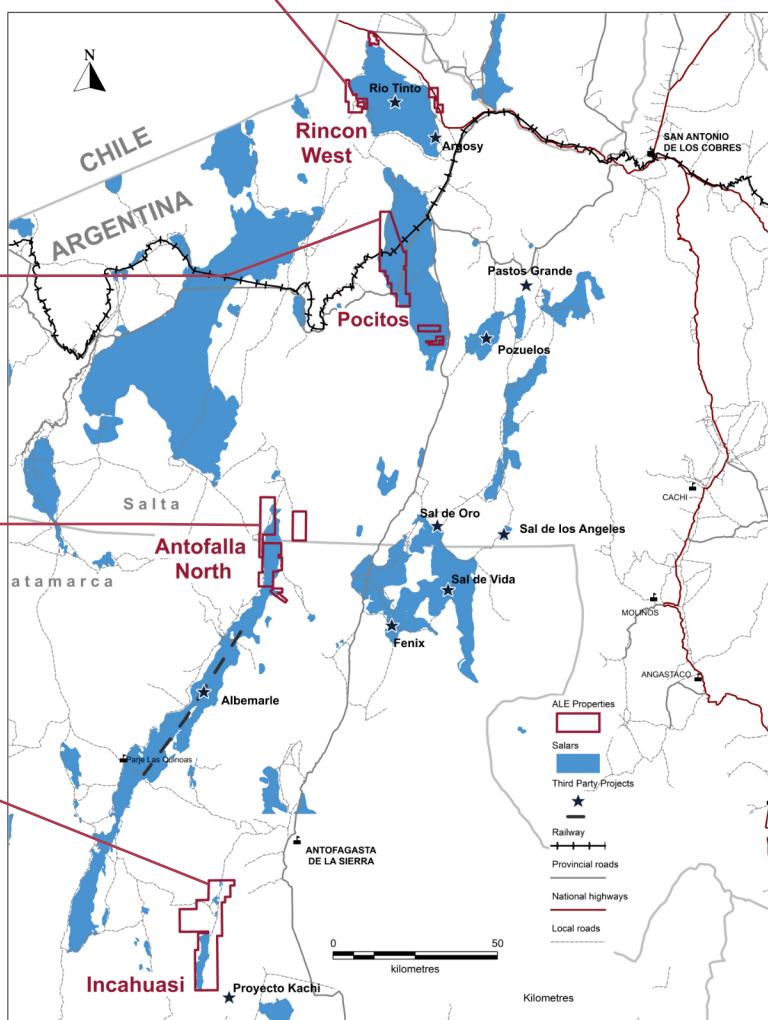

- >17,600 ha (~90% wholly-owned, rest under option)
- Excellent infrastructure: International railway to Pacific ports crosses the property; Provincial highway and major gas pipeline nearby
- New TEM survey completed for drill targeting

### ANTOFALLA NORTH

- >13,000ha (Including wholly-owned & under option)
- Major lithium producer Albemarle has large holdings starting 500m to the south\*
- 110 line-km TEM survey underway to delineate brine targets; drilling planned to follow, pending permits & funds

### INCAHUASI

- 100% interest in over 25,000 hectares
- Located north of Lake Resources' Kachi Project\*
- Maximum values 409 mg/L lithium and 1.56% potassium recovered in near-surface sampling (to 8m depth)
- 4 drill-holes confirmed lithium-bearing brines (average to date 109 mg/L Li, 6718 mg/L K)
- new TEM survey designed

**DISCLAIMER:** This brochure contains forward-looking statements, including but not limited to comments regarding predictions and projections. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements. The information in this fact sheet has been reviewed and approved by David Terry, Ph.D., P.Geo., a Director of the company and a Qualified Person as defined by NI 43-101. \*Proximity to other mining projects in the area does not provide any assurances with respect to the prospects at the Company's projects.
